Gentlemen:

We write in response to the Philippine Stock Exchange's ("PSE") letter dated 21 November 2014, requesting Greenergy Holdings Incorporated (the "Company") to clarify the information contained in the following news article which appeared in *philStar.com* on 20 November 2014:

"MANILA, Philippines - The Securities and Exchange Commission (SEC) has raised red flags on the business operations of Antonio Tiu, who has claimed ownership of a Batangas estate that is allegedly part of the hidden wealth of Vice President Jejomar Binay and his family.

In a report submitted to the Senate last Monday, the SEC cited 'incomplete disclosures' pertaining to Tiu's Agrinurture Inc., Agrifortuna Inc., Greenergy Holdings Inc., Sunchamp Real Estate Development Corp. and Earthright Inc.

Teresita Herbosa, SEC chairman, said the commission has required each of the five firms to explain in writing - in addition to audit committee resolution - how they dealt with the findings and the corrective measures undertaken to comply with proper procedures.

'If the explanation is not meritorious, each company shall be assessed with penalties based on materiality tests under SEC Memorandum Circular No. 8, Series of 2009,' Herbosa said.

The directive was contained in a two-page letter, along with six annexed documents, submitted by the SEC to the Senate Blue Ribbon subcommittee investigating the alleged anomalies in Makati City when Binay was still mayor.

In a scrutiny of the consolidated financial statements as of Dec. 31, 2013, the SEC report showed that there were incomplete disclosures on leases of Greenergy

Holdings (i.e. reconciliation between the total of future minimum lease payments and their present value).

There were also incomplete disclosures noted in related-party transactions, the SEC said, adding that these entail the description of transactions, information about transactions and commitments.

During the Senate inquiry Tiu had admitted that portions of the property in Rosario, Batangas are being leased to the Binays for their piggery and orchid business.

Tiu also maintained that Sunchamp has gained majority shares of the Batangas property.

Based on the Sunchamp Real Estate Development Corp. (SREDC)'s General Information Sheet as of 2014 filed on July 14 this year, the SEC noted that Greenergy has 62.39 percent ownership over SREDC.

Considering the ownership, the SEC said the company should have counted SREDC as subsidiary as of June 30, 2014.

The SEC review also noted that Sunchamp did not have disclosures on investment in stocks as well as on its inventories. There is also incomplete disclosure on 'construction-in-progress' to cover the nature of assets being constructed, estimated cost to complete and percentage of completion as of reporting period. . ."

The Company confirms that it received a Comment and Response Sheet from the Markets and Securities Regulation Department and the Office of the General Accountant of the Securities and Exchange Commission (the "Commission") on 6 and 7 November 2014, respectively. The Company wishes to clarify however that it was only requested to respond to the comments/findings of the Commission on its financial statements and was not required by the Commission to provide an audit committee resolution and an explanation on how it has dealt with the findings of the latter and the corrective measures undertaken to comply with proper procedures.

As regards the findings of the Commission, the Company responded as follows:

First, as to the incomplete disclosures on leases of the Company, the Company clarified to the Commission that it has no lease arrangements as of 31 December 2013 and therefore the finding of incomplete disclosures is inapplicable.

Second, as to the incomplete disclosures on related party transactions, the Company clarified to the Commission that the related party transactions disclosed in Note 21 of its Consolidated Audited Financial Statements ("CAFS") as of 31 December 2013 are in compliance with PAS 24 and Rule 68 of the Securities Regulation Code. These transactions pertain to intercompany advances, noninterest-bearing and the required allowance for impairment losses were recognized. The outstanding balances as well as the transactions in 2013 and 2012 were presented in a table. There are no commitments.

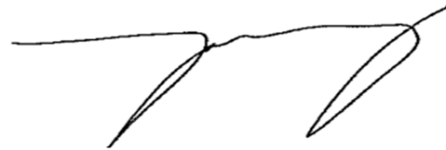

Finally, the Company would like to clarify that it only executed the subscription agreement with Sunchamp Real Estate Development Corp. ("SREDC") for its subscription to 310,000,000 primary common shares of SREDC on 2 July 2014. Since the Second Quarter Report/CUIFS covers the period ended 30 June 2014, SREDC was not consolidated as it was not yet a subsidiary. The Company's subscription to 310,000,000 SREDC primary common shares was included in the 2014 GIS of SREDC, which was filed on 4 July 2014 as it was a significant subsequent event. The Company has complied with the requirements of PFRS 3 on Business Combination in its Third Quarter Report/Consolidated Unaudited Interim Financial Statements for the period ended 30 September 2014.

Attached herewith are the Company's responses to the Commission's Comments and Response Sheets received by the Company on 6 and 7 November 2014.

The Company wishes to assure the investing public that it is strictly monitoring its compliance with the requirements of Rule 68 of the Securities Regulation Code.

We trust that you find the foregoing in order.

Very truly yours,
